### **Program Services**

**\*Gray County Court Services accepts referrals from all courts in Gray County, prosecutor's pre-trial diversion program, and transfers from other courts as appropriate.** Court Services provides program services under the authority of IC § 12-23-14 and is certified by the Judicial Conference of Indiana. The purpose of the program is to take a structural and consistent approach in attempting to reduce recidivism of substance abuse offenders in order to make this county a safer place in which it live, work, and travel. The program offers a variety of services with specific goals behind each service.

1. Clinical assessment of each client to identify specific problematic issues and determine an appropriate level of intervention to assist in preventing further substance abuse-related problems.
2. Substance abuse education to provide current and effective education of substance abuse issues for those clients who, through assessment, appear to be appropriate for this level of intervention and to help prevent further substance abuse-related problems.
3. Referral to substance abuse treatment for those clients, through assessment, found to be in need of treatment services. All treatment agencies utilized by the program are certified by the Indiana Division of Mental Health and Addictions to provide addiction treatment services or other equivalent agency.
4. Effective case management of all clients to monitor a client's participation in treatment or education, and to ensure that clients are receiving quality services in addressing their specific substance abuse issues and needs.
